## JET SKI GRADUATION

**A**lthough COVID has led to the cancellation of thousands of commencement ceremonies globally, one Florida school found a creative way to celebrate their seniors while still respecting social distancing. Rather than having the teens walk across a stage, the ceremony was held on the open sea, with graduates dressed in gowns, masks, and life jackets receiving their diplomas aboard jet skis.

## TIKTOK TEACHER

**W**hen in-person learning was canceled for the remainder of the school year due to COVID concerns, on high school math teacher, Kimberly Callahan, was inspired to join Tik Tok to connect and engage with her students. Some of her content includes rewriting the lyrics to popular songs to teach math lessons, such as teaching the quadratic formula to the tune of "Crank That (Soulja Boy)." A vibrant, cartoon-style advertisement on a light blue background. It features various school supplies: a red and white pencil, a red ruler, a pair of red-handled scissors, and several red stars. The text "GOD'S LOVE AND SUPPORT DURING THE SCHOOL YEAR" is written in large, red, hand-drawn letters. Below it, the word "FREE!" is written in large, blue, block letters. At the bottom, there is a black and white barcode. The text "\$\$\$" is written in blue above the main text. In the bottom right corner, there is a small logo that says "W7".

## BATTLE FOR THE MML CUP

The weekend has come and gone, it was surely a good one. The press week leading up to the championship was iconic and the game itself was one for the ages. Leading up to the week, both teams did their best to prepare for the game and the media had a field day interviewing players. Some of these interviews were par for the course with players such as **Shawn** boasting, "I trained all year for this and my focus is intense. I will come home with the 'ship." Others, such as **Cody**, were much more laid back: "I really did not think we would make it this far. I'm hyped, but at the same time I kind of just want the season to end." Overall, the build up for the championship was very juicy and it set the scene perfectly for the championship game.

The actual game was by far one of the best this season. Both teams fought very hard and put everything on the line for this game. In the first quarter, **MAGENTA** team came out hungry and ready to play. **Emerson** was on a roll, making sure each of his teammates was able to get up almost as soon as they were tagged. The fast-paced recovery of **MAGENTA** players gave them an early advantage in the first quarter. By the time the second quarter came around, players on the **BLUE** team concentrated on catching **Emerson** and making sure he couldn't get back up. In doing so, the **BLUE** team had a more successful offense and more easily gathered items. At halftime, both teams were neck and neck and the game could have gone either way. After another quarter of action, both teams were getting heated over not being able to take a definite lead. Eventually, it was **Grace** and **Mari** who started to pop off. **Carrie** and **Cody** tried to stop them, but **Grace** was too fast and **Mari** too sneaky. **BLUE** team ended up winning the championship - their first in ten years! **Mari** received the title of Championship MVP for her clever plays, which were exactly what her team needed to win the game.

With another season in the books, every player is itching for next season, which will hold with new players, new rivalries, and new campers. We here at the Wapogazette are just as excited for the next season of MML, which will be back and better than ever next year!
