THE CAMP WAPOGAZETTE

AUGUST 2ND - 8TH

FAITHFULL EDITION

GET A PEACE OF THIS!

Hello to all you cool cats and kittens who are reading this week's Wapogazette! Amidst a global pandemic, along with all of the other negative things this year, it can be difficult to find comfort. Fortunately, there is an abundance of peace to be found when we surrender ourselves to God, which is this week's theme! 2 Corinthians 1:3-4 says, "Blessed be God, the Father of our Lord Jesus Christ, the Father of mercies, and the God of all comfort, who comforts us in all our tribulation, that we may be able to comfort those who are in any trouble by the comfort with which we ourselves are comforted by God." With God's peace, we can find our own comfort, and even share it with the people around us! Next time you kick back and relax, give thanks to God for his peace and comfort!

GOOD GLOBAL NEWS

CAMP WAPO. OX LAKE. WILDERNESS CANOE BASE.

STORYTELLER ENTERTAINS KIDS IN MEXICO CITY APARTMENT COMPLEX

Percibald Garcia recognized that confinement during the COVID lockdown is especially tedious for children, so he decided to publicly read them stories. Almost every day since the beginning of May, he has gone out in an enormous Mexico City apartment complex with his “wandering microphone” to broadcast

stories to children who gather at their windows to listen. Garcia wants the children to hear the human voice and the world of shared tales and to realize they can use, even from a distance, the public plazas that have served as the anchor of life in Mexico for centuries. In the end, it is an act of mutual comfort and peace, but also a cry to reclaim shared public spaces and stem the migration to a digital, virtual world.

10 GLOBAL CITIES CHARTING A GREEN RECOVERY FROM CORONAVIRUS

More than 40 mayors of major cities around the world pledged to push for a “green and just” economic recovery from the pandemic. The mayors, part of a global network of cities fighting climate change, said they are committed to investing in green jobs and low-carbon transport as part of efforts to stimulate economies flattened by virus shutdowns. City governments are peacefully promoting the use electric cars, supporting wind and solar energy projects, capping fossil fuel emissions on large public buildings, training residents on green energy skills, turning paved streets into new bike and walking paths, retrofitting houses in low-income neighborhoods, and planting millions of trees around the world.

SPORTS

CAMP WAPO. OX LAKE. WILDERNESS CANOE BASE.

PLAYOFFS? PLAY ON!

The first round of the MML tournament was one to be remembered, full of drama, upsets, and goofiness which all came together to form an incredibly entertaining first week of playoffs.

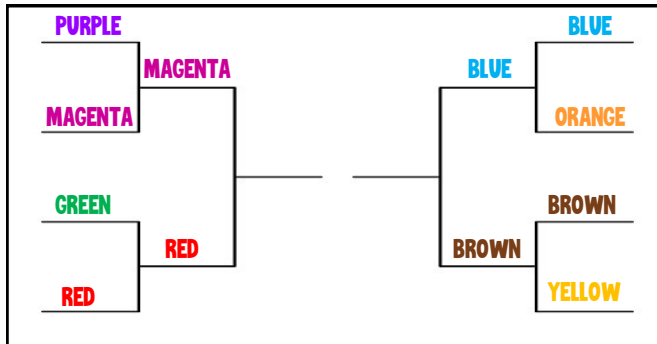

In the first game of the week, the GREEN team faced off against the RED team in an epic showdown. These teams were incredibly competitive and the game came down to the wire. Steph and Kellen both played out of their minds by dipping, ducking, and dodging their way through the field like squirrels looking for nuts. The turning point in this game came from Ben who was incredibly smart and proceeded to climb a tree in order to avoid getting tagged. From there he made a mad dash to the line to seal the game for the RED team as regulation came to an end.

The second game of the week was incredibly lopsided as the BROWN team thoroughly tossed the YELLOW team's salad. This game was seemingly over from the start as the BROWN team unveiled a new strategy that involved a lot of gymnastics and flips that were so immaculate that the YELLOW team had no clue what to do. After losing in such embarrassing fashion, the YELLOW team will surely be looking to add new counselors to the roster to hopefully improve next season.

The next game was a little bit closer; however, the BLUE team - the clear favorites going into the game - still took the win. Mari put together a very solid game for the BLUE team that was symbolic of how well the team has done this year. Yes, there were some hiccups; however, at the end of the day, BLUE team has been incredibly competitive and is surely a contender to make a run in these playoffs. For the ORANGE team, their season comes to an end. Despite the season being over, many of the players on the ORANGE team are excited that they can go work at the art shop.

In the last and most surprising game of the week, the MAGENTA team was able to pull a win out of their butts in quite possibly the biggest upset in league history. This win came with incredibly solid play from Emerson and Cody, as well as the absence of Dan and Chip's normal scoring. Ella and Esther tried their best to keep up; however, the PURPLE team fell apart in the 3rd quarter and allowed MAGENTA to capitalize and take advantage of the situation.

Next week will be very interesting as each team is left hungry for more. As the teams that lost go into their off-season, it will be interesting to see what changes are made as well as what faces will move around in the league.
